To whom it may concern

This letter is to certify that Mario Mairal completed a scientific visit at Université de Fribourg, Switzerland, from May 2<sup>nd</sup> to August 29<sup>th</sup>, 2014, during which he worked on coalescent modelling of population historical demography using Approximate Bayesian Computation under my supervision. I was a Marie Curie Fellow at Université de Fribourg at the time and currently hold a research scientist position at INRA mixed research unit BioGeCo (Biodiversity Genes and Communities) in Cestas, Bordeaux, France.
